REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Directors and Citizens of Clarendon:

I submit my ninth report as your Superintendent of Schools.

The Clarendon Schools opened on Wednesday, September 6, 1961, with an opening enrollment of 159 pupils which is a gain of six from a year ago. There were two changes in the faculty of our schools and both of these were at the Flats School.

During the school year ending on June 30, 1961, high school tuition cost the Clarendon School District the sum of \$23,616.54 for 79 pupils. They attended the following schools:

Rutland High School.....	36
Wallingford High School.....	16
Springfield High School.....	1
West Rutland High School.....	7
Mt. St. Joseph Academy.....	17
Middletown High School.....	2

Since the last legislature raised the maximum amount that a School District can pay from \$325.00 to \$400.00, we can expect that tuition costs will continue to increase.

The other large item in the school budget is teachers' salaries. There is a State Minimum Salary Law which governs the minimum that can be paid to a teacher depending on her training and experience. This law then requires your School Directors to pay at least these minimums.

Last summer new chairs and desks were bought for the eighth grade pupils in all the schools. It is our hope that we can continue this in the seventh grade next year.

During this school year, we have had the following expenses:

School District's share of new doors at the Flats	\$ 607.30
Labor and materials on water pipe at Chippenhook School	159.15
Total cost of a new well at the Springs School	4,120.72

These expenditures which were not foreseen in our planning for this school year will leave us on June 30, 1962 without any balance to carry over into the next school year. This will require us to ask for an increase in school tax for next year of 40c. Your School Directors and Superintendent therefore recommend a school tax as follows:

Operating Costs.....	\$5.20
Bond Issue.....	.35
	\$5.55

REPORT OF THE AREA STUDY COMMITTEE - JANUARY, 1962

Your Area Study Committee, composed of members from Clarendon, Danby, Mount Holly, Mount Tabor, Shrewsbury, Tinnmouth and Wallingford which was authorized by your vote at the March meeting in 1961, is unanimous in saying that a new central Junior-Senior High School is needed in this area to meet the inroads of obsolescence in the present facilities as well as to prepare for the increase in enrollment forecast for the years ahead.

We all realize that planning adequate facilities and curriculum to meet our children's requirements in today's world is a continuing problem. The endeavor of this committee is to define and evaluate the many problems which these seven towns must face before plans can be made for a school that will provide the essential variety of courses and improve the quality and efficiency of instruction.

We have made a study of estimated future enrollments in the seven towns and find over a ten-year period there averages to be almost 600 students per year in Grades 7-12. A breakdown shows:

Clarendon	132
Danby	110
Mt. Holly	62
Mt. Tabor	14
Shrewsbury	46
Tinnmouth	30
Wallingford	186
	<hr/>
	580

Some facts which are of interest to all:

1. Each town will have at least one member on the area school board.
2. No vote will be taken on a building until after the area is organized—(i.e. there will be a meeting of the area district to vote the building and bonding).
3. Each town shall vote prior to the formation of the area district, whether it wishes to join for Grades 7-12 or Grades 9-12. In some instances, joining 7-12 would relieve crowded elementary conditions. The 7-12 organization allows some subjects, now considered High School subjects, to be introduced in the Junior High School for the better students.
4. The costs of operating will be determined by the number of students from each town on January 1st of the previous school year.
5. Before asking for a vote, there will be a printed brochure of facts made available to all voters.

We hope that you will be interested to attend any and all meetings held within the area to explain the details of organization and functioning of a regional school. You will be most welcome; and we shall try to place the issues fairly, and to answer your questions to the best of our ability.
